BRIEF OF DUTIES AND RESPONSIBILITIES

Serves as a cyber ISR unit member in the Digital Network Intelligence Squadron, responsible for conducting digital network intelligence analysis in support of Air Force, Joint, and National intelligence requirements and Cyber Warfare activities. Performs preliminary and advanced analysis to establish target identification and activity patterns, malware and malicious tradecraft, and threats to military networks, information, systems, and communications. Support the planning and targeting processes with digital network and multi-disciplined intelligence analysis and reporting on foreign computer network capabilities and vulnerabilities. Identifies, reports, and maintains intelligence information to support deliberate and crisis action planning and targeting processes. Exploits media and investigates computer security incidents. Prepares reports from analysis of communications patterns, trends, and characteristics for general intelligence and operational community consumption. Briefs analysis findings and estimates to superiors and mission planners. Publishes finished reports and documents for use by decision-makers in the squadron, AOC, Air Force MAJCOMs, Joint Commands, and the National Agencies. Researches, analyzes and plans cyber exploitation activities in preparation for operational missions. Communicates with other intelligence departments and agencies to share data and techniques, findings, and planning for future operations. Works with other squadron members to ensure the Digital Network Intelligence Squadron maintains a capability to provide timely and accurate operational intelligence support and fully trained intelligence personnel during peacetime and contingency operations. Coordinates with the gaining command on operational intelligence elements needed to carry out coordination and liaison with counterparts and colleagues in other DoD major command intelligence organizations such as Air Force Intelligence, Surveillance and Reconnaissance Agency (AFISRA), National Guard Bureau (NGB) and other Federal intelligence agencies. Incumbent represents the organization at interagency conferences and meetings that deal with specialty functions and internal training requirements at the unit level. To enhance the Cyber ISR Squadron member's mission readiness, the incumbent maintains a thorough knowledge of all aspects of the squadron's internal training program. Represents the unit in making agreements and commitments within the assigned scope of his/her functional specialty. Provides

guidance and assistance to unit and gaining command intelligence specialists and serves to coordinate on projects jointly undertaken by the unit, gaining command, and other organizations. Coordinates cyber analysis training requirements with gaining command intelligence section. Works with the Weapons and Tactics and Training Sections in planning and developing objectives and work schedules for training assigned intelligence personnel during Unit Training Assemblies (UTA), Annual Training (AT), and unit deployments. Identifies training requirements and conducts or organizes training courses for intelligence personnel on cyber related subjects. Serves as a subject matter expert (SME), trainer, and task certifier for all Cyber Intelligence Initial Qualification Training (IQT), Mission Qualification Training (MQT), and Continuation Training (CT). Upon compiling the training requirements, incumbent works with the supervisor and Unit Training Manager to identify shortfalls and develop plans to correct them. Performs other duties as assigned.
